MILK 75
Level 1

Hint: Place cats with shooting weapons closer to the left side. you can claim gold

You will get some amount of milk for every enemy you have destroyed. Milk is the most valuable for cats, they will do everything for it. If you are sending cat in to the battle, you will spend milk for him.

1. If you want to place one of yours Battle Cats just choose any cell and click on it.

2. Then choose whom exactly you want to place in the cell. At the moment you can only access the CatShooter.

Also here you can choose barriers later.

The screenshot shows a game interface with a top status bar displaying 'MILK 75' and 'Level 1'. A hint at the top right says 'Hint: Place cats with shooting weapons closer to the left side.' and 'you can claim gold'. The main area features a row of ten cells for placing units, with a paw print icon in the fourth cell. Below the cells is a selection menu with icons for a CatShooter (cost 50), three locked units, and two more locked units. A green arrow points from the hint to the left side of the cells. A white callout bubble points to the fourth cell with the text '1. If you want to place one of yours Battle Cats just choose any cell and click on it.' Another white callout bubble points to the CatShooter icon with the text '2. Then choose whom exactly you want to place in the cell. At the moment you can only access the CatShooter.' A green callout bubble points to the right side of the selection menu with the text 'Also here you can choose barriers later.'
