shark lagoon private box login Length:22m Width:8m Depth:3m Engine:190 hp Type:shark lagoon private box Shark lagoon private box (English: Shark Lagoon) is a free-to-play MMORPG video game developed by United Digital Games and published by Playmore. It is a Southeast Asian inspired MMORPG in the genre of K-On!. A demo was released on the second anniversary of Playmore. An island floating in the ocean where a group of teenagers called the "Eiramis" live. They all have a heart and a dream but they don't have enough money to buy anything. After they run out of money, they struggle for survival and try to live in this island while keeping their dream alive. The real "Eiramis" was first launched in March 21st, 2011 by United Digital Games. Contents Characters There is a total of 18 characters that you can choose from, divided into 3 classes. There are 5 male characters (Yuki, Satoshi, Daiki, Akihiro and Chiaki) and 13 female characters (Nino, Chuu, Mitsuru, Shoko, Arika, Yuna, Kana, Chiemi, Yuuri, Asuka, Satoko, Kaori, Yuna and Yuki). The main characters and their nicknames (except Daiki and Chiaki) are listed in the section for character's information. The 18 characters are divided into 5 classes. Each class can choose from 3 of the following types: Fighter, Rogue and Mage. Their skills and statistics are in the table below. What happens if you lose all your money? What happens if your character dies? Each character has a limited number of "tokens" that can be used to revive them in the case of death. Tokens are obtained by killing monsters in the island. One hundred tokens are needed to revive a dead character. How are skills acquired? Skill points are gained by gaining EXP. In battle, skill points are spent to cast a skill. When a skill is used in battle, it is guaranteed to work. The game features "ID card" skills that can be acquired as you increase

your EXP. These skills are exclusive to specific characters. The original characters: Yuki, Satoshi, Daiki and Chiaki
